Village Council Meeting July 2, 2013

- Minutes of the regular meeting on June 4th were approved as were the payment of accounts, the bank reconciliations, balance sheet and the financial statements.
- The foreman and mayor will be meeting with the GTH Authority to discuss possible sharing regional fire services.
- The church board, mayor and administrator met with the Presbytery Executives on June 16 to discuss the Village possibly taking over the church and using it as the Village office. The Presbytery instructed the church board that they need to have an appraisal done and asked the mayor to provide a rough life cycle cost for it.
- The administrator is having a follow up meeting with the City of Regina administration on July 11.
- Commissionaires started bylaw enforcement July 2. They will be primarily focusing on parking on public roadways and nuisance yards. Council will monitor over the next few months and see if there needs to be any changes.
- PVSD gave approval in principle with conditions for the land swap for the skating shack replacement proposal.
- Reminder that the forced main sewer lines and lift station will be decommissioned as of September 30, 2013. Before you are permitted to connect to the gravity system the tie-in fee of \$4500 must be paid.
- With the hot weather we have been experiencing storms are likely to follow. In the event of a power outage, please limit the amount of water you use. We are hoping to have the power source for the lift station's back-up generator installed either this week or next.
- Have a safe and wonderful summer.

The next council meeting will be Tuesday, August 6, 2013 @ 7:30pm at the United Church.
