- September 30 is the last day to receive 5% discount on your municipal portion of the 2014 property taxes. The month of October you will receive a 4% discount, November and December there will be no discount. 2014 is the last year that a discount will be given on property taxes.
- A complaint was made regarding people altering the grade in their rear yards on Samantha St. which is negatively affecting drainage. The Administrator is looking into whether or not an actual drainage easement was registered and if not, what legal grounds the Village might have.
- A complaint was made regarding people dumping grass clippings on public property. Council instructed the Administrator to send a friendly reminder that it is not permitted to do so.
- Speeding has become an everyday issue in Grand Coulee. Please call the RCMP detachment to voice your concerns about it.
- Sawyer's Tree Service came and looked at the trees on Burton St. that were compromised from the ditch work that was done. They recommended that the trees be removed. The Village will be seeking several quotes and having the trees removed in the near future.
- Another ad will be placed for full time maintenance personal on Sask Jobs.
- The Village is looking for weekly contract cleaning for the office/board room, chapel and hall. When special events take place we will need additional cleaning. Please submit a tender for weekly cleaning (vacuuming, mopping, dusting, cleaning bathrooms) as well as a cost per room to clean. If you would like to come by the office during office hours I would be glad to discuss with you. Please have your bid in by Monday, September 8, 2014.
